

Rally Scoring

Fill out the top part; put in the teams on the score sheet so the team on the scorer's right is on the right side of the page. Be sure and list those players not playing in the game in the substitute box.

St. Mary's server #12 will serve first. A circle is drawn on the top line. She makes a point. Put a 1 in that circle. Draw the second circle. She makes that point. Put a 2 in there, not another 1. Third serve, draw a circle. It is side out. Put an R for Rotate in that circle. That point goes to the St. Clare's first server # 1. Draw a box, put a 1 in it. Second serve, circle, point is made put a 2. Remember to draw hashes in the middle running score. The rest continues, circles when that team serves, Boxes when the point is made but not served.

Subs are like the sx 15/3 shown after the 4th point for St. Mary's. sx for receiving team, s for serving team. Please remember to draw hashes in the substitutions area over the number corresponding with the number of the substitution for which ever team made the substitution.

If you have to use the Cards Issued box; just put what kind of card and to who it was issued, nothing more. At the end of the match, the referee will sign the top.
